

Whittlesey Mud Walls Group
c/o The Town Hall
Market Street
Whittlesey
Peterborough
PE7 1BD

Minutes for 4th October

- 1 Present - Mesdames: Phillips, McAndrew, Mean.
Messrs: Shearing, Phillips, Whitwell, Boddington, Hancock, Green.
Apologies – Barback.
- 2 Minutes for 6th September (2 copies) - These were signed as a true record.
- 3 Festival events comments - We were disappointed not to have been able to hold our practical events, as the children liked these, but our information gazebo attracted attention, and hopefully may result in some new members. Eastgate is slightly outside the main area of activity, but hopefully it will be better next year.
- 4 Recent mud wall repairs - 1/ Conservative Club. Our thanks must go to Cllr David Mason for arranging the re-capping of their wall, and to Ross Klimczuk's company for a good job well done. 2/ Black Bull. The listed wall has been repaired as well as can be expected, with some modifications to help its longevity.
- 5 Chairmans comments - It became apparent that to access the Glassmoor funding, we first have to provide the quotes for the printing. Robert, David, and I have therefore arranged to get the documents completed soon. It was also suggested that we may be able to do a Powerpoint presentation if there is existing equipment at a venue which we may be able to use.
- 6 Confirmed events - We will be putting a mud wall group Christmas tree at St Mary's Christmas Tree Festival. We need to give it a catchy name, so I invite members to contact me with any suggestions they may have. Other activities are being planned at the museum, which you'll be able to visit.
- 7 Members involvement - The group appears to be at a point where we've made ourselves known and gained some interest, and need to keep the momentum going. There are many of our members who we don't see or hear from, who although busy, are interested in the group. You may have some ideas for things we can do, which will involve our members and be of interest to the public. We're going to start thinking ourselves, but please give us your ideas and thoughts. We want Whittlesey's mud walls to become well known and talked about.

Next meeting -

Wednesday 1st November at 10.30am.

Mike.
