

**Whittlesey  
Mud Walls  
Group**

c/o The Town Hall  
Market Street  
Whittlesey  
Peterborough  
PE7 1BD

Minutes for 6<sup>th</sup> November

- 1 Present - Mesdames: Katie McAndrew.  
Messrs: Mike Shearing, Ray Whitwell, Roy Gerstner, Robert Boddington,  
Alan Lacey, Peter Davies, Robert Green.  
Apologies - David Hancock.
- 2 Minutes for 2<sup>nd</sup> October - These were signed as a true record.
- 3 Powerpoint presentation update - Our first presentation was well received.  
Fortunately it was a 'friendly' audience, as the Whittlesea Society were instrumental in our formation. There were no issues with content, we got encouraging comments from those present, but we still had the items on a memory stick, which meant delays in switching. Ray's now offered to finish the job for us by linking it all together so it 'flows' properly. It will definitely be a useful tool.
- 4 Wall repairs update - We're pleased to report that Neil Rickett has recently completed the re-capping of the Grosvenor Rd / dog grooming wall. The finished wall looks very good.  
Mark Cross is doing a wonderful job on the Black Bull wall, but he's had an enforced break - his supply of mud that he's waiting for has been stuck in a waterlogged field. I'm sure he'll get back to it soon.
- 5 Christmas tree Festival - We'll be putting our Christmas tree in St Mary's Festival again this year. We're always amazed at the amount of thought and effort people put into their trees! It really is a wonderful spectacle.

Mike.
